

Poster Display and Presentation Instructions

1. Poster set-up will occur between 7:00 and 8:00am. Please arrive at the conference center with plenty of time to set-up your poster before the first session at 8:00am. Students and program committee members will be available to assist you. Please bring your own push pins if possible.
2. Please stand with your poster for the full hour you are assigned during the poster session. Authors with odd-numbered posters are asked to stand with their poster for the first hour of the poster session and authors with even numbered posters are asked to stand with their poster for the second hour of the poster session.
3. Please leave your poster up all day so attendees can continue to visit them. They must be taken down prior to leaving the conference center. You are welcome to store your poster in the conference center overnight on Friday so you do not have to carry it to the CVM Pig Pickin' activities at the College of Veterinary Medicine. The shuttle is leaving from the conference center and going directly to the CVM, so you will **not** be able to drop your poster off at the Marriott Friday evening.
