RE: 2009 EQUINE MEDICINE SYMPOSIUM OPPORTUNITIES

We are pleased to announce that the **25th Annual NC State Equine Medicine Symposium** will be held at the NCSU College of Veterinary Medicine Campus on **February 21, 2009**. This annual educational event is the **ONLY** purely equine-health educational program of its kind in North Carolina. It offers a great opportunity for manufacturers to partner with NC State and connect with horse owners from throughout the southeast.

By participating in NC State's Equine Medicine Symposium you can:

- Educate horse owners about your products and services through exhibits and sponsorships.
- Partner with NC State's College of Veterinary Medicine, which has been ranked 5th in the nation by U.S. News and World Report.
- Attend and learn from lectures led by members of NC State's world-renowned faculty.
- Choose from multiple sponsorship opportunities based on your interests and budget.
- Communicate directly with attendees during times specifically established for veterinarians and horse owners to visit exhibitors' booths.

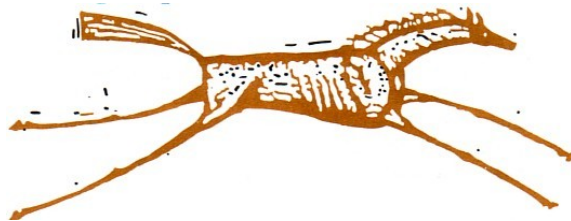

Sponsorships provide maximum visibility

Because sponsorships will provide the maximum visibility for your company and its products and services, we encourage you to sign up as soon as possible. All sponsorships are designed for the whole day. You also have the opportunity to exhibit your products and services and provide collateral material for our attendees. Please see the attached materials for more details.

We hope you will be able to be a part of this exciting event and we look forward to working with you to make this event a great success for all participants.

Sincerely,

Richard A. Mansmann, VMD, PhD
